

## WILD about Early Learners Registration Form

Idaho Project WILD has designed a curriculum specifically for teachers of children of a young age. This modified Project WILD curriculum contains a main activity, music and movement, art projects, centers and extensions, snack and a home connection. The class is a prerequisite to any of the Specialized Project WILD workshops or Summer Seminars. An optional university credit is available through most Idaho universities. An outside assignment is required for those who are taking the workshop for credit. Participants register and pay for the credit at the workshop.
